

Dear Parents and Guardians,

With the first few days of school successfully completed, we are touching base with you to share resources and provide support to you about Google Classroom, which will be used in all of our classes this Fall. Our goal is to use Google Classroom as a tool to deliver instruction, whether we are in school or experiencing a shutdown.

Below you will find a Google classroom training page that includes links to various resources and training videos. We hope you find this useful. As a follow up on September 17, 6:00 pm, we will host a Zoom Webinar question and answer session for anyone who would like to join in the discussion. The link for the Zoom Webinar can also be found at the bottom of the page. Please remember that if you have questions or concerns that need to be answered before the webinar don't hesitate to contact your child's classroom teacher.

Our teachers have worked hard to prepare and these first few days of school our students have been learning the ins and outs of Google Classroom. We are looking forward to a great school year and new pathways to learning.

Sincerely,

Google Classroom Training Team
